By Lesley Adkins, Roy Adkins : The Keys of Egypt: The Race to Crack the Hieroglyph Code the egyptian hieroglyph representing sirius has been esoterically interpreted to be a representation of this cosmic trinity the hieroglyph representing sirius adventure games i want to thank adreas papathanasopoulos creator of adventures index who has allowed me to use a few of the box pictures to create a small box The Keys of Egypt: The Race to Crack the Hieroglyph Code:

5 of 5 review helpful Going back in time Great story By Jose Ernesto Passos A great book It presents the major historical facts surrounding the decipherment of the hieroglyphs in a very active and interesting way Reading it you have a very good grasp of the story of Champolion the way people were living during that time and the key personalities involved I think the authors provided enough details for When Napoleon invaded Egypt in 1798 his troops were astonished to find countless ruins covered with hieroglyphs remnants of a language lost in time Egyptomania spread throughout Europe with their return and the quest to decipher the hieroglyphs began in earnest for it was understood that fame and fortune awaited the scholar who succeeded In rural France Jean Francois Champollion the brilliant son of an impoverished bookseller became obsessed with brea The authors have done great service to Champollion Their biography is graphic gripping and a great read Birmingham Post The Keys of Egypt is a worthy tribute to the man who named and unlocked the Valley of the Kings Daily Mail London
