12 of 12 review helpful VERY HELPFUL BOOK You won't have to guess about vos sos anymore By P Eisenman I bought this book to help demystify some of the alternate usage I was hearing in those interesting Argentine films I was watching While I surmised that vos sos meant the same thing as tu eres this book actually verified that I was right While it doesn't go into great depth about vos vs tu it does offer a Easy lessons that help you speak Spanish like a native This revised edition of Streetwise Spanish features an overview of the "signature" words that differentiate speakers across the Spanish speaking world It also includes an audio CD featuring 30 dialogs from the book spoken by native speakers from more than 15 countries and exercises that test your grasp of key slang expressions From the Back Cover ¡excl Agarra la onda learn the Spanish they speak en el calle How would you ask What's up in Cancun How do they say Don't bug me in Punta Cana And how would a Spaniard tell you to Go jump in the lake Spanish
