1 of 1 review helpful Great even on your own By Maria Barsema I enjoyed reading this She is really thought provoking To be honest I haven't trotted these out for real conversations but I just liked reading her opinions on various subjects and getting myself thinking about them too In the vein of Alain de Botton and Adam Phillips a provocative and diverting book of short essays to get you thinking and talking mdash conversations to have with friends partners or just with yourself We've all known the heady thrill of a conversation that goes on all Full of wisdom about how to live what it means to be you and how to communicate that knowledge to the people you love nbsp mdash Andrew G Marshall author nbsp I Love You But I'm Not In Love With You
