From James Morwood : Pocket Oxford Latin Dictionary in place definition a particular portion of space whether

of definite or indefinite extent see more henry watson fowler f a 1 ; 10 march 1858 26 december 1933 was an english schoolmaster lexicographer and commentator on the usage of the english Pocket Oxford Latin Dictionary:

1 of 1 review helpful THIS IS NOT A POCKET DICTIONARY By Ryn This is a full sized book I own a Greek pocket dictionary by the same company with an identical cover that is about 3 x3 in size This dictionary is about the size of a standard bible I have NO IDEA why it is labeled pocket dictionary because it's definitely not small enough to fit into any pocket I've ever worn Pretty disappointing 0 of 0 review helpful This new edition of the Pocket Oxford Latin Dictionary offers essential coverage of Latin words and grammar as well as extra information on Roman history and culture It has been updated to take into account the latest research into Latin and is designed specifically to fit the needs of today's student It covers over 46 000 words and phrases including additions from the writings of Plautus and Terence and from the study of Silver Latin Common irregular verbs About the Author James Morwood formerly Head of Classics at Harrow School in England is now a Fellow at Wadham College Oxford and Grocyn Lecturer for the Literae Humaniores Faculty
