2 of 2 review helpful The book came in great shape from the vendor By JustJamie The book came in great shape from

the vendor It was a requirement for a college course So far as the actual content it is very good Some of the social examples in the book are outdated as mentioned by a previous poster but the actual content about Test Taking Strategies is not I see it as a very useful tool to comprehend and then te      THE STUDY SMART SERIES designed for students from junior high school through lifelong learning programs teaches skills for research and note taking provides exercises to improve      grammar and reveals secrets for putting these skills together in great essays      Test taking is a skill apart from learning course material a skill every student must acquire in order to survive Test Taking Strategies is the book Because test results have important consequences a book like this one could be a life changer The advice is very practical and applicable to test takers from junior high through senior citizen level      Library Journal
