Reader (10th Edition):

0 of 0 review helpful Very unhappy with Kindle app for etextbooks I regret not buying the paperback copies instead By Celia a Barnett I have no problem with the publication itself however I hate the kindle app as a textbook reader because of its lack of flexibility I can't use my stylus to make handwritten notes on the book I can't print any pages of the book I can't open the book on more than ONE PC so if you have Widely adopted for George Miller's supportive voice and highly reliable writing assignments The Prentice Hall Reader balances classic and contemporary essays arranged in increasing level of difficulty in each chapter. Extensive reading writing and research instruction and an exceptionally comprehensive instructor manual make this rhetorical reader an effective text for any writing program
