4 of 4 review helpful I originally learned from the Hansen and Quinn text like most people By Jeremy M Dille I originally learned from the Hansen and Quinn text like most people but refreshed my Latin from their Latin series Learn To Read Latin and decided to give this a try It s amazing just like Learn To Read Latin Definitely a lot more

readings and notes than the Hansen and Quinn text. You don't need to use this text. Learn to Read Greek is a text and workbook for students beginning the study of Ancient Greek. It is the companion volume to the authors' Learn to Read Latin published in 2004. Like its Latin predecessor, it has a grammar based approach and is intended for students who have a serious interest in learning the language. The text and workbook include carefully chosen vocabularies and extensive vocabulary notes, clear and complete prese. In our assessment LTRG is the best textbook for helping students to acquire high level knowledge of Greek language grammar and syntax. The textbook is well paced and proceeds logically, its abundant vocabulary notes and grammatical explanations.
