**By Andrei Bogomolov, Marita Nummikoski : News from Russia: Language, Life, and the Russian Media (Yale Language Series)** essays and articles on various linguistic topics and an algorithmic analysis of political language use in the united states wfmz tv 69 news serves the lehigh valley berks county and philadelphia regions with news and family programming News from Russia: Language, Life, and the Russian Media (Yale Language Series):

0 of 1 review helpful Four Stars By Kendra Dangelo bought for school 3 of 3 review helpful Overpriced with little real content By MCC\_DC I bought this book while I was taking a course on political Russian hoping that it might be a

good supplement to the required text. Unfortunately when I received it I was disappointed with the content. The words provided are useful. This unique Russian language textbook draws on printed mass media especially up to date Internet media sources to introduce intermediate and advanced students to varied aspects of modern Russian life. Presenting fascinating material on armed conflicts, government and politics, business and economics, accidents and catastrophes, the new Russian class society, problems of youth and more, the book provides the cultural and linguistic background necessary to better understand. This book contains a wealth of valuable information and its internet feature assures that it will always be up to date. — Sandra Rosengrant, Portland State University
