1 of 1 review helpful Great textbook By Robert Cioffi This is an expensive textbook but I have found it to be the best introductory textbook for ancient Greek It has clear explanations and ample practice and each chapter is accompanied by readings from ancient authors in both prose and poetry 13 of 13 review helpful The New Standard in Ancient Greek textbooks By Photo enthu Learn to Read Greek is a text and workbook for students beginning the study of Ancient Greek It is the companion volume to the authors ' Learn to Read Latin published in 2004 Like its Latin

predecessor it has a grammar based approach and is intended for students who have a serious interest in learning the language. The text and workbook include carefully chosen vocabularies and extensive vocabulary notes, clear and complete. In our assessment, LTRG is the best textbook for helping students to acquire high level knowledge of Greek language grammar and syntax. The textbook is well paced and proceeds logically, its abundant vocabulary notes and grammatical explanations.
