for Learners (Routledge Frequency Dictionaries) (English and Spanish Edition):

2 of 2 review helpful Such a smart approach By Maestra 028 The concept of this book is brilliant Majority of book is Frequency Index of 5000 most common words in Spanish in order Within this section are really interesting extra boxes of frequency info by topic example Animals and the top 50 most common animal words are given in order After the Frequency Index an Alphabetical Index and Part of Speech Index is each The only up to date frequency dictionary of Spanish currently available this is an invaluable tool for all learners of Spanish that provides a list of the 5 000 most commonly used words in the language Based on a twenty million word corpus evenly divided between spoken fiction and non fiction texts from both Spain and Latin America the Dictionary provides a detailed frequency based list as well as alphabetical and part of speech indexes t About the Author Assoc Prof Dept of Linguistics Brigham Young University Provo UT Has published numerous articles on historical syntax and syntactic and lexical variations in Spanish and Portuguese linguistic databases and corpus linguistics Creator
