**By Maurice Pope : The Story of Decipherment: From Egyptian Hieroglyphs to Maya Script** the egyptian hieroglyphs had been well known to scholars of the ancient world for centuries but few had made any attempts to understand them details of the mayan hieroglyphic script and the mayan languages The Story of Decipherment: From

## Egyptian Hieroglyphs to Maya Script:

The desire to solve mysteries is as old as humanity and the spell of an unknown writing has always been particularly potent. This is a discussion of the contributions to the science of decipherment made by theorists such as Leibnitz and by brilliant practitioners of it from Champollion to Ventris. Maurice Pope examines the intellectual developments that lead to their outstanding achievements and describes the process of decipherment providing quotations from their original sources.
