32 of 33 review helpful Excellent Introductory Book By Booker This is a great introductory book with a novel approach to teaching an ancient and beautiful language The typical hieroglyph teaching books usually saddle the learner with tedious grammar rules that take the fun out of learning No doubt these formal books are necessary after a

certain point when one needs to move on to further formal study An original and accessible approach to learning hieroglyphs written by an experienced teacher and author This is the first guide to reading hieroglyphs that begins with Egyptian monuments themselves Assuming no knowledge on the part of the reader it shows how to interpret the information on the inscriptions in a step by step journey through the script and language of ancient Egypt We enter the world of the ancient Egyptians and explore "A welcome addition to introductory books on hieroglyphs ... Choice" "An original and accessible approach to learning hieroglyphs written by an experienced teacher and author"
