6 of 6 review helpful Just what I wanted By The Dark Waltz This guy is an Aggie I found one pen mark with no highlighting thoughout the text the watermark that he mentioned did not affect the book at all and there was no discoloration Though the outside of the book was pretty beat up the inside was perfectly legible I did find a peice of paper inside with a math problem that was wrong but my purchase was right 0 of Contains solutions to all odd

numbered exercises in the text About the Author The late James Stewart received his M S from Stanford University and his Ph D from the University of Toronto He did research at the University of London and was influenced by the famous mathematician George Polya at Stanford University Stewa
