By VALERIE HENITIUK : **Worlding Sei Shônagon: The Pillow Book in Translation (Perspectives on Translation)** Worlding Sei Shônagon: The Pillow Book in Translation (Perspectives on Translation):

0 of 0 review helpful Scholarly interest By Blake Until I read this I did not realize that the translation I have is missing some important passages This is an interesting comparison of translations of the opening pages of The Pillow Book 1

of 1 review helpful Nice comparative study By Emma in Quebec A nice comparative study for one who is interested in translation w The Pillow Book is a collection of anecdotes and personal reflections on life in the Japanese royal court composed around the turn of the 11th century by a woman known as Sei Shōnagon Its lyrical style and compelling images have captured the imagination of readers worldwide This fascinating collection offers a unique resource for courses in translation in women s writing and in East West studies and it is also a pleasure to read in itself a gallery of reflections and refractions of Sei Shōnagon s masterpiece through a kaleido
