0 of 0 review helpful Great reference book By Customer I purchased this book while taking a medical Spanish course and I plan to keep it to flip through regularly as a refresher if I do not end up using Spanish on a daily basis This book allowed me to quickly find key phrases to communicate with patients ex do you have a fever how did you take his temperature etc It is appropriate for beginners as it includes phon This pocket sized handbook facilitates communication effectively with Spanish speaking pediatric patients and their caregivers Spanish questions and phrases with phonetic pronunciations and English translations equip readers to take a patient history perform a physical examination and relay instructions
