By Raymond A. Serway, Chris Vuille : Student Solutions Manual with Study Guide, Volume 2 for Serway/Faughn/Vuille's College Physics, 9th Student Solutions Manual with Study Guide, Volume 2 for Serway/Faughn/Vuille's College Physics, 9th:

1 of 1 review helpful A waste of money Do not buy it By TheEdtior This is not a solution manual at all is more like a

summary that you find at the end of the chapter of each section in the book There is only solution to odd numbered problems and is not even detailed on what they are doing I have no clue why this is even called a solutions manual when there is not even solutions to the even numbered Harder problems D For Chapters 15 30 this manual contains detailed solutions to approximately twelve problems per chapter These problems are indicated in the textbook with boxed problem numbers The manual also features a skills section important notes from key sections of the text and a list of important equations and concepts About the Author Raymond A Serway is Professor Emeritus at James Madison University He earned his doctorate at Illinois Institute of Technology Among his accolades he received an honorary doctorate degree from his alma mater Utica College the 1990 Madison
