By David A. Campbell : Greek Lyric Poetry (Greek Texts) greek mythology is the body of myths and teachings that belong to the ancient greeks concerning their gods and heroes the nature of the world and the origins and the theoi classical texts library is a collection of translations of works of ancient greek and roman literature the theme of the

library is classical mythology and Greek Lyric Poetry (Greek Texts):

15 of 16 review helpful Hey it's good By Um Writing this review cause I wanna contradict the only other review of this book which rated it poorly First its a nice anthology of archaic poets with plenty of notes and comments informative and often witty about historical and textual issues It's not for the beginner since it comes without translations and Campbell assumes the reader already knows the basics But don't worry This edition provides a full and representative selection of all early Greek lyric omitting Pindar who requires his own volume elegiac and iambic poetry First published in 1967 in the red Macmillan series it was reprinted by BCP in 1982 with addenda to the bibliography and an appendix reproducing a text of three substantial new papyrus fragments by Archilochus Stesichorus and Alcaeus The extensive commentary gives assistance with matters of dialect and language Notes Text Greek English About the Author David A Campbell is Emeritus Professor of Greek and Roman Studies at the University of Victoria Canada
