0 of 0 review helpful that book was great I had to get this book for Intro By Dr EmmetBrown My Intro to German class taken at a community college used Sag Mal that book was great I had to get this book for Intro II It s not as good as Sag Mal That s what my rating is based on With that said if you have a choice between two German Classes one that uses Sag Mal and one that uses Deutsch heute go with the class DEUTSCH HEUTE successfully develops the skills of introductory German students by maintaining a focus on building listening speaking reading and writing skills Manageable for two semester courses the Tenth Edition covers grammar in a logical sequence Each chapter contains

many function based activities that focus on specific emotional expressions Students are introduced to contemporary life and culture in German speaking countries through a cast of recurring characters. About the Author Jack Moeller is retired from Oakland University after many distinguished years of excellence in teaching. He continues to be involved in the revision process of DEUTSCH HEUTE and KALEIDOSKOP to ensure the quality and integrity of the program.
