1 of 1 review helpful Passed with the use of this book By Earl Whitney I tutored a teacher who needed to pass her

Praxis Math Exam in order to continue teaching. She was using another book that had a bunch of errors in it. Using that other book she took the exam multiple times without passing. Using this book she passed with a high grade. Her passing had very little to do with me since we met only a few times. It had Praxis I Math My Private Tutor now revised is a workbook designed to help students prepare for the math section of the Praxis I Exam. This exam requires a passing score for prospective teachers to receive a public school teaching certification. No other preparation material covers the math portion of the Praxis I exam as comprehensively as this book does, with 23 chapters of lessons in addition to assessments and a final test. This study guide begins with pre-algebra. About the Author: This book was written by 10 authors, most with advanced degrees, all with tutoring experience and/or teaching experience, all of whom have tutored the Praxis I math section. The editor and chief has a BA in geophysical sciences from the University of
