marseille International Sign: Linguistic, Usage, and Status Issues (Gallaudet Sociolinguistics):

International Sign IS is widely used among deaf people and interpreters at international events but what exactly is it what are its linguistic features where does its lexicon come from and how is it used at interpreted events This groundbreaking collection is the first volume to provide answers to these questions nbsp nbsp nbsp nbsp Editors Rachel Rosenstock and Jemina Napier have assembled an international group of renowned linguists and inte Though recognizing that IS is not the equivalent of national signed languages the volume presents exciting possibilities for its use and looks at what IS might reveal about the transnational nature of signed languages The nine chapters are thoughtful a
