**From Brand: Lyons Press : The New York Times Book of Language and Linguistics** jan 27 2010nbsp;one of my favorite crash blossoms is this gem from the associated press first noted by the yale linguistics professor stephen r founded in 1883 by teachers and scholars the modern language association mla promotes the study and teaching of language and literature The New York Times Book of Language and Linguistics:

1 of 1 review helpful A hasty cut paste effort By Colin E Manning This book contains articles and stories from the New York Times that deal with Linguistics This book might have made an interesting overview or introduction to the

field had it been more rigorously complied Articles frequently refer to research recently published but no references are provided that might allow the reader to follow up the reports Phrases In the latest book in the series editor Nicholas Wade and several award winning New York Times journalists explore the mysterious roots of language Their coverage ranges from the efforts to chronicle ancient languages to the examination of fossil records to determine whether Neanderthals had language and around the evolutionary bend to the study of chimpanzees and their ability to talk using sign boards to convey fear hunger and their deceptive sense o Praise for earlier books in the series The most remarkable piscine and avian pieces from The New York Times s famous Tuesday section Publishers Weekly
