By David Gramling : The Invention of Monolingualism american schools are slowly phasing out cursive handwriting which is an unambiguously good thing here are the worst arguments that say otherwise this report describes the diverse population of immigrants and addresses the psychological experience of immigration focusing on

factors that impede and facilitate The Invention of Monolingualism:

The Invention of Monolingualism harnesses literary studies applied linguistics translation studies and cultural studies to offer a groundbreaking investigation of monolingualism. After briefly describing what monolingualism means in scholarship and public discourse and the pejorative effects this common use may have on non-elite and cosmopolitan populations alike, David Gramling sets out to discover a new conception of monolingualism. Along the way he explores an extraordinary and illuminating book spanning literary and cultural studies, applied linguistics, social and cultural theory and more. Original, brilliantly presented, provocative and extremely timely, *The Invention of Monolingualism* is likely to
