0 of 0 review helpful it is a great quick reference tool that was invaluable during my By kt7 First I will say that I am

only a graduate student at this time and have not worked with clients yet so I can't testify to this product's effectiveness in diagnosis. However, while the manual obviously does not replace the DSM 5, it is a great quick reference tool that was invaluable during my residency and is extremely helpful. The problem with treating mental disorders starts with a very challenging diagnosis. There are several seemingly similar disorders with overlapping symptoms but require different means of intervention. A bottle of pills given incorrectly could result in the worsening of a condition or the emergence of another. To correctly diagnose a condition here is a reliable professional guide.
