4 of 4 review helpful Fine program By JM These cd s were helpful providing a good walt of learning sentence patterns i do wish the product descriptions of these programs would indicate what concepts are covered in a particular level For example which Spanish verb tenses Only after buying this set could I find out any of this information We have to buy it to see what s in it 1 of 1 review helpful Tapescript is available for download at the Audible Power Spanish I page Power Spanish I Accelerated is where you will learn to speak and understand more Spanish from one CD than from 16 CDs from other more expensive and boring programs Want to learn to speak Spanish quickly and easily and have fun in the process Designed to teach you to speak Spanish while on the go Power Spanish I Accelerated is a refreshingly intense upbeat and positive 8 CD audio language progra Compared to super expensive Rosetta Stone this works so much better for me It s easy fun and interactive learning They speak it in English translate it to Spanish you repeat it over and over again Easy as pie D Jaramillo er Language Learner
