By Mustafa Mughazy : The Georgetown Guide to Arabic-English Translation quot;translation is like a reverse engineering process whereby say we might take apart a clock made of metal parts in order to build a functioning replica made the georgetown guide to arabic english translation by mughazy mustafa available in trade paperback on powells also read synopsis and reviews quot;translation is The Georgetown Guide to Arabic-English Translation:

Translation is like a reverse engineering process whereby say we might take apart a clock made of metal parts in order

to build a functioning replica made entirely of plastic Our final product will not look the same as the original clock and it would be impossible to simply copy the designs of its inner workings because plastic and metals have very different properties For example we cannot make small plastic springs or very thin gears of plastic But these cha
