By Geoffrey Samuelsson-Brown : A Practical Guide for Translators (Topics in Translation) feb 14 2011nbsp;1 quot; 2 the train came out of the long tunnel into the snow countryquot; the first is the the beginning translation journal a web publication for translators by translators about translators and translation A Practical Guide for Translators (Topics in Translation):

10 of 10 review helpful Fantastic resource for translators By John I have been a translator German to English since

1992 I work freelance and have read many books on the business and practical side of running your own freelance translation business but I would have to say this one is the best It covers seemingly all aspects of the business from accounting and how to set your price to marketing all the technical as This is the fifth revised edition of the best selling A Practical Guide for Translators It looks at the profession of translator on the basis of developments over the last few years and encourages both practitioners and buyers of translation services to view translation as a highly qualified skilled profession and not just a cost led word mill The book is intended principally for those who have little or no practical experience of translation in a commercial environme Now in its fifth edition the book has two hundred pages packed to the bindings with advice explanations and must have information It is written with a clear structured approach that does not confuse the beginner to the profession neither does it seek to te
