Smart!: The Essential Guide to Customs & Culture:

3 of 3 review helpful Good Helpful but mostly covers Minsk and little of the rest of country By J Reeves Decent worthwhile read about various aspects of Belarus society and not a travel guide per se When the book gets into things to do and see in Belarus though it generally doesn't offer much beyond what's in Minsk I was just in Gomel for 10 days not long enough and I didn't cover enough ground of the country to sens Culture Smart provides essential information on attitudes beliefs and behavior in different countries ensuring that you arrive at your destination aware of basic manners common courtesies and sensitive issues These concise guides tell you what to expect how to behave and how to establish a rapport with your hosts This inside knowledge will enable you to steer clear of embarrassing gaffes and mistakes feel confident in unfamiliar situations and develop true Culture Smart has come to the rescue of hapless travellers — Sunday Times Travel
