By James Hoare : Korea - Culture Smart!: The Essential Guide to Customs & Culture the hermit kingdom an inside view of north koreas hidden car culture Korea - Culture Smart!: The Essential Guide to Customs & Culture:

8 of 8 review helpful Pretty good book By nuuanumenehune I bought this book before my first trip to Korea in June 2015 and found it helpful It seems a bit outdated but I don't blame the author because things in Korea have changed and are changing very quickly In particular this includes culture and customs While many things are traditional there are many changes and Koreans are very accepting of your differences especi Apart from the headline making politics not much is known in the West about the Korean people and their ancient culture Yet those who visit Korea whether North or South find a land of great interest The Koreans when not constrained by politics or other considerations are friendly and sociable and the peninsula has areas of outstanding natural beauty The South's cities if not always beautiful are vibrant and alive The North while very different is Culture Smart has come to the rescue of hapless travellers Sunday Times Travel the perfect introduction to the weird wonderful and downright odd quirks and customs of various countries Global Travel full of fascinating as well as common sense
