By Robert O'Byrne : Mind Your Manners: A Guide to Good Behaviour manners are described as good or bad to indicate whether or not a behavior is socially acceptable every culture adheres to a different set of manners although a lot tips how to handle tricky situations for example introductions who introduces whom ranking order who shakes whose hand Mind Your Manners: A Guide to Good Behaviour:

2 of 2 review helpful Excellent modern and funny By Kayleigh I was looking for something more up to date but just as detailed and positive as the good old Emily Post volume I've checked quite a few titles before buying this book and am very happy with my choice First Mr O Byrne doesn't shy away from topics that would send any Emily Post's reader into a coma like how to confront a social bully or communicate with y It's the thought that counts So while society has changed the need for thoughtfulness courtesy and good manners has not What is the etiquette for internet use emails and mobile phone calls How does one handle the delicate politics of apartment sharing What are the rules for meeting through a dating agency Mind Your Manners provides effective answers to these and many more dilemmas of 21st century decorum O Byrne creates an insightful portrait About the Author ROBERT O BYRNE is a writer and journalist He is author of Hugh Lane 2000 After a Fashion 2000 and Living in Dublin 2003
