Amsterdam (Approaches to Translation Studies 15) Towards A Methodology for the Investigation of Norms in Audiovisual Translation: The Choice between Subtitling and Revoicing in Greece. Amsterdam (Approaches to Translation Studies 15):

Here is presented for the first time a methodology for the investigation of norms which operate in the field of audiovisual translation. Based on the findings of the polysystem approach to translation the present work aims to demonstrate that it is possible to investigate audiovisual translation and the norms that operate in it in a systematic way. Human agents, audiovisual products, recipients and the mode itself are thoroughly investigated and stratified under a logical scheme. This book is to be welcomed as one of the most rigorous studies on audiovisual translation that takes a fresh look at the still atomistic landscape of research in audiovisual translation a must in Perspectives Studies in Translatology Vol
