Brill Dictionary of Ancient Greek is the English translation of Franco Montanari's Vocabolario della Lingua Greca. With an established reputation as the most important modern dictionary for Ancient Greek, it brings together 140 000 headwords taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE. The layout is attractive and easy to use and scholarly depth is exceeded only by the still incomplete Diccionario Griego Espanol production overseen by the Consejo Superior de Investigaciones Cientificas Madrid. Brill is releasing a single volume.
